Name: Foldable Respirator FFP3 NR With Valve	Code: 45175	Foldable Disposable Respirators
---	--------------------	--

Individually wrapped disposable respirator, with exhalation valve.
Recommended for use in heavy polluted environments with the presence of aerosol or asbestos up to 50 times the TLV.
Pack of 20 pieces.

- Individually wrapped in cellophane with sealed edges for maximum hygiene.
- Nose clip moulds around the nose for a perfect fit.
- Exhalation valve favours the flow of breathed air avoiding the risk of misting the eyewear.
- Foldflat conic structure, pocket-size and easy transportable.

The product is designed and manufactured to comply with the essential health and safety requirements of Directive 89/686/EEC, and to conform to the requirements of EN 149.
It is classified as PPE Cat. III.

FFP3 NR
FFP3: Nominal Protection Factor: 50
Operational Protection Factor: 30
NR: disposable
