Name: Tornado T-Power Air Cleaning System	Code: 45320	Powered Respirators - Scott
--	--------------------	------------------------------------

Description

Air cleaning system includes a power unit, a pre-filter, a 8-hour battery and a battery charger (without filters). The Tornado power unit provides filtered air for the widest range of industrial applications. It features an electronic management system designed to keep the wearer informed of the status of the battery and filter, optimizing battery lifespan. The filter adapters can be used with one, two or three filters, depending on the working needs. The T-Power units conform to EN 12941 standards.

The product is designed and manufactured to comply with the essential health and safety requirements of Directive 89/686/EEC, and to conform to the requirements of EN 12941.
It is classified as PPE Cat. III.

Category III	Colours Black	Available Sizes
Quantity/Carton 1	Important Information The product shall not be used in environments with an immediate danger to life, confined spaces or in environments poor of oxygen (less than 19.5%).	Recommended for Polyester resin, two-component, isocyanate-based painting, cleaning and pest control with ammonia and in tunnels, agriculture in presence of fungicides and pesticides, tunnel excavations and metal processing, sandblast.
Dexterity	EC Standards EN 12941 CE	Storage and cleaning T-Power does not require any routine maintenance and is also tamper-proof.
